### EL-38125-300-A

Terminal Remover Kit

Dealer Price **\$120.72**

#### Now with newly added EL-38125-58 to remove Nano 50 Mini Terminals from connector housings.

The Bosch J-38125 Terminal Removal Tools are GM approved products to remove terminals from connector bodies. Engineered to GM specifications, these picks will not damage terminals or harnesses during service. Other terminal removal devices and methods being used may be causing damage to terminals and wiring harnesses because they do not meet GM approved specifications. To ensure the proper tools are being used during diagnostics, GM and Bosch created this kit containing the most popular tools that are required to service the majority of current GM vehicles globally. A less expensive option to other Terminal Removal Kits.

Includes:

J-38125-11A Pick, Terminal, Wide (Blue)  
 J-38125-12A Extractor, Terminal (Green)  
 J-38125-21 Remover, Micro 64 Terminal (Red)
